THE GREAT HOUSE

Leave The Great House and turn left up the lane. Turn left onto the first road called Wellington Cottages and follow this lane until a T-Junction. Turn left onto a road and keep walking down the hill, over a road bridge, through Slip Mill and up the hill. Walk until a 'Public Bridleway' signpost on the right **(1)**.

Turn right and follow the bridleway for 1 mile (1.6 km), past a farm with alpacas, Sopper's Oast and Springfield Cottage. Follow the bridleway to the right (you pass Sisseley Farm on the left) until a junction of rural roads. Continue straight into the forest, go down and up the hill to Tanyard Farm **(2)**.

Join the road, walk through the farm and continue along the road through fields into a forest **(3)**. Follow the road up the hill until you meet a bigger road with a car park. Turn right onto this bigger road and keep walking for about 0.2 mile (300m) until you see a building on the left. Opposite this building is a 'Byway' signpost **(4)**.

Follow this signpost into the forest, walk down the hill until a road. Turn right onto this road and immediately turn left down the hill (follow the main road) **(5)**. Keep walking along this road for 0.5 mile (800m) until a junction **(6)**. Turn right and follow this road (Slip Mill Road) for 0.3 mile (500m) until you see some buildings. Turn left in the first junction and walk down the lane until The Great House.
