Leave The Gun and turn left around the corner of the building. Follow a yellow arrow on a rail and walk through the playground to the furthest corner. Walk over a broken style and continue straight across the field in the direction of the corner of the forest. Carry on straight along the edge of the forest until a style at the end. Climb over the style and turn left onto the road.

Keep walking for 0.1 mile (150m) and turn right in front of the pond. Follow the yellow arrow and go through a wooden gate with a sign 'Prices Farm' **(1)**. Walk over a wooden bridge, turn right and climb over a style marked by a yellow arrow into the field. Follow the arrow and walk diagonally across the field and through the bushes into the next field. Keep walking diagonally until you meet a style in the corner **(2)**. Climb over it and turn left onto the rural road. After 50 yards (50m) turn right (follow a 'Wealdenway' signpost) and keep walking along the rural road (you will pass the next signpost, walk straight along 'Footpath' and later you pass Popp's Farm buildings on the right) until you meet a post with a yellow arrow on the right.

Follow the arrow into the field and walk across it in the direction of the signpost 'Footpath'. Walk over a small bridge and climb over a style at the end of the field. Keep walking along the World's End Farm property, join the left edge of the field and carry on until an entrance to the next field on the left. Go through, turn right and follow the edge of the next field. In the corner go over a small wooden footbridge **(3)** and follow the yellow arrow on the right rail. Keep walking in the direction of this arrow across the field. Join the line of the trees and follow the edge of the field until you meet a signpost of 4 footpaths. Keep walking in the same direction down the hill until you meet a track. Turn right and walk along the track (you can see a motocross circuit on the left) into the bushes (there might be a huge pile of manure – keep on the left side and walk around it).

Continue along the trail through the bushes until a concrete road. Follow the yellow arrow on the signpost and keep walking straight along this road through the Perryland farm property and beyond. After 0.2 mile (300m) you will see a wooden gate marked by a yellow arrow on the right (road bears to the left) **(4)**. Go through this gate and follow the bridleway. Keep walking straight (in between fields, later through an industrial estate) until you reach a road.

Turn right onto the road and follow it for 0.25 mile (400m). Behind the last building on the left (Frogwell) turn left, walk over a small footbridge, up

several steps and climb over a style into a field **(5)**. Keep walking straight along the edge, in the corner turn right and carry on along the next edge. In the next corner go through an iron gate and turn left onto a footpath (follow a yellow arrow). Keep walking along this footpath until you reach the road.

Turn right onto the road and walk for 0.25 mile (400m) until you see a wooden signpost 'Wealdenway' on the right. Follow this signpost and walk through a gate onto the track. Continue along this track until the end and then keep walking straight along the edge of the field until a small wooden footbridge **(6)**. Walk over this footbridge and follow the path across a small field into the forest. Carry on up the hill through the forest until you meet a post marked by a yellow arrow. Walk past this post and turn left.

Follow the trail along the edge of the field (field is on the right), and later bear to the right. Keep walking along the edge (field is on the right, trees are on the left) until a style in the corner. Climb over the style and continue diagonally across the next field. In the second corner climb over the next style and turn left onto the road. Keep walking along this road until you reach The Gun.
