1. The gate into the field

2. The small forests

3. The gate to field

4. The trail through the field

5. The train tracks

6. The path through the field

Leave The Dirty Habit and turn right onto the road. Follow the road up the hill for about 50 yards until a wooden 'North Downs Way' signpost on the left. Turn left, leave the road and keep walking up the hill along the trail, later along the edge of the field until a gate (pic 1). Follow the arrow on the gate and walk through the small woodland and straight through the field until a wooden post with a yellow arrow.

Follow the arrow, turn left and keep walking along the trail. Go through the gate and follow the path through the field and small forest (pic 2) until the next gate. Walk through it, continue along the track and go through another gate. Turn right (follow the arrows on the gate) and walk along the edge of the field until a gate on the right (pic 3). Enjoy the lovely view over the surroundings of Hollingbourne and then go through the gate. Follow the trail until a T-junction with a signpost and information board.

Turn left onto a track and keep walking along it for about 0.5 miles (later it becomes a small tarmac road) until a T-junction with a road. Turn left onto the road and follow it for about 100 yards until a small passing through the hedges on the right (there is a signpost with a yellow stripe). Turn left and walk along the trail straight through the field (pic 4) in the direction of the corner of the forest. Continue diagonally (slightly to the left) through the field in the direction of the next forest (which you can see over the field), until a post with a yellow arrow (the post is on the edge of the forest).

Follow the arrow on the post and keep walking along the track through the forest and later along the edge of the field until a railway crossing (pic 5). Cross the railway tracks (STOP, LOOK, LISTEN AND BE EXTREMELY CAREFUL - the trains are frequent here). Turn left and keep walking along the edge of the field and later along the track until a stile on the left. Climb over the stile and walk down the trail until the car park of the railway station.

Turn right onto the road and keep walking until a bigger road. Turn left onto it, go under the railway bridge and keep walking for about 0.1 miles until a 'Public Footpath' signpost on the left (just behind the memorial of WWI). Turn left and walk along the pavement through the field (pic 6) and past the church until a road. Turn left onto the road and keep walking up the hill for about 0.2 miles until you see The Dirty Habit on the right.
