

**A GUIDED TOUR
THROUGH
THE HISTORIC CENTRE
OF LENHAM VILLAGE**

**HERITAGE
LENHAM**

History is all around you here, where a "Wishful Thinker" found a home. What is today a sleepy country lane was once the main thoroughfare for horsedrawn carriages taking ordinary folk but also English queens and kings to the Kentish ports. The first inn in this location was recorded in 1678 after Charles II had come back from exile in France . The period which followed, the Stuart period, was a great time for innovation and reform.
